EVOLVE400PULSE

400AMP PULSE MIG/TIG/MMA

EVOLVE
400 PULSE

BRAND NEW MODEL

Packed full of revolutionary technologies, futureproof your workshop with our all-new EVOLVE 400 PULSE.

- Complete with single and double pulse MIG programs
- Comes packaged with a water cooler and trolley
- A full range of optional modular accessories are available for purchase as add-ons with options like the AC/DC TIG module.
- 5" LCD Touch Screen
- Single Pulse & Double Pulse MIG
- Synergic MIG with over 100 programs
- MIG Gas/Gasless
- 5kg and 15kg Spool Capacity
- Spoolgun & Push-Pull Ready
- MMA with Anti-Stick
- Arc Force & Power Limit
- Compliant to AS/NZ 60974-1

Power Supply	240V 1Ph/ 415V 3Ph
Duty Cycle @ 40°C	240V Single-Phase 20% @ 250A, 60% @ 144A, 100% @ 112A 415V Three-Phase 60% @ 400A, 100% @ 310A

EVOLVE PULSE MIG

NEXT GENERATION PULSE MIG

MIG • TIG • MMA

THE FUTURE IS HERE

The EVOLVE is an ultra-powerful, full-digital welding machine, designed for heavy industrial applications. Equipped with advanced ARM Cortex microprocessors, Silicon Carbide IGBTs, and cloud connectivity, it delivers unmatched control, efficiency, and welding performance.

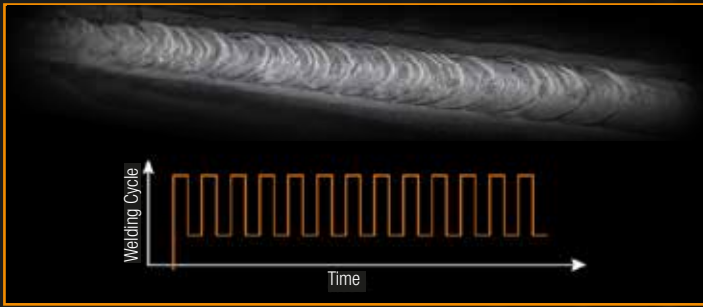

MODULAR ADD ONS

Futureproof your purchase with the EVOLVE PULSE MIG, with the option to add additional modules as you need them. These optional modules include an AC/DC TIG module and a Plasma Cutting module for all your future needs.

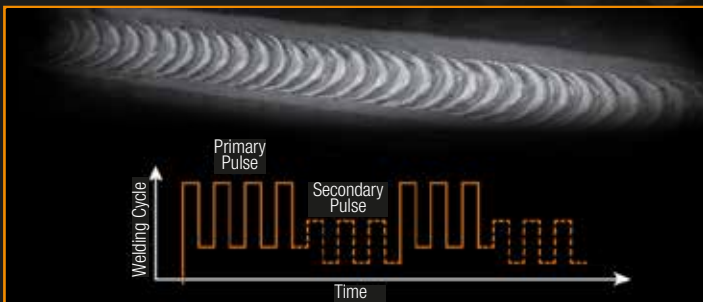

SINGLE PULSE MIG

A single pulse weld alternates between a peak and base current, which works to minimise the amount of heat input without compromising on any of the penetration. It's perfect for softer materials like aluminium. Pulse welding is also done by spray transfer, eliminating spatter and cutting your post-weld clean-up time.

DOUBLE PULSE MIG

A double pulse weld alternates between a peak current and two base currents, reducing the heat input of the weld even further than single pulse, while still maintaining all of the benefits. Because of the faster freezing puddle, your double pulse welds come out looking just like a stack of dimes.

WELDING FUME EXTRACTOR 230V SINGLE PHASE

Portable fume extraction system with moveable and flexible arm. Capable of filtering an area of up to 8 cubic metres. Provides easy & effective protection against harmful emissions of welding fumes and grinding dust. Internal collection tray for removal of particles and fitted with long-life filter element.

WARNING! WORKSAFE NEW ZEALAND

Prolonged exposure to welding fumes is a serious hazard to workers respiratory health.

Welding and hot cutting produce metal and fluxing fumes made up of toxic gases and very fine particles. Inhaling welding fumes can cause ill health.

- Acute bronchitis
- Airway irritation
- Occupational asthma
- Metal fume fever
- Pneumonitis
- COPD - Chronic obstructive pulmonary disease
- Cancers
- Pneumoconiosis
