Although 2021 has been a challenging year for us all, we are now living in a new normal. Kiwis are a resilient lot and I am sure we will adjust and thrive. As you may know, Waitemata Hydraulics & Engineering Supplies was open as an Essential Supplier under the lockdowns and I would like to thank our staff who worked through in uncertain times as well as all the other essential workers, organisations & business's who kept New Zealand going during lockdown. Thanks also to our customers for supporting us over the past twelve months

We're all PROUD TO BE KIWIS - KIA KAHA!
