SmartWasher®

BIOREMEDIATING Parts Washing System

**BE SAFE
BE SMART
PROTECT YOUR TEAM AND
THE ENVIRONMENT**

**BONUS - FREE
SmartWasher® PARTS WASHER
START UP PACK with every
SmartWasher unit purchased
Between 1st June - 31st July 2021**

Pack contains: 5 x parts washer degreaser 20l,
3 x FL-4 Smart filter pad 4 pack.

This Bioremediating Parts Washing System is both **self cleaning** and **environmentally friendly**. It uses a pH neutral cleaning fluid called OzzyJuice which effectively cleans parts removing grease and grime naturally while the bioremediation process cleans the fluid. Bioremediation is the use of microbes to break down and "eat" oil, grease, and carbon-based contaminants. This proven biotechnology is used to assist in the clean-up of wastewater treatment ponds and lagoons in petroleum refineries and industrial manufacturing facilities all around the world. Maintain the unit properly according to the operating instructions and you should never need to take away dirty parts cleaning fluid again! Easy on your skin, no strong solvent smells - great for you and for the environment

CARING FOR YOUR IRONCLAD GLOVES

Please note that the washing & care instructions are on the original product packaging. For extended durability & comfort, machine wash & hang dry your Ironclad gloves on a regular basis. Machine wash on cool. **DO NOT use bleach, machine dry or use an iron on Ironclad gloves.** Air drying is recommended in order to keep the size consistent with its original form from time of purchase. We suggest you wash your gloves from time to time in order to remove grime & salts that build up from sweat.
