EDGE****P.2****Komelon Led Light Rechargeable Pocket Tape****NEW!**

Reading a tape measurement in dark or low light conditions is tricky at the best of times, whether under benches, in cupboards or even under the house. Komelons new compact, yet powerful LED Light tape sheds new light when it comes to measuring in darker conditions. The white non glare blade help prevent glare from the LED light. The 8M x 25mm tape has a rechargeable Lithium battery LED light integrated into the unit and is easily activated by the push of a button, making markings & numerals extremely easy in dark conditions. The USB charger makes for easy charging.

This LED tape is ideal for builders, electricians, plumbers and all trades areas that require accurate measurement readings in low light conditions.

DELTA POINT EXTREME PERFORMANCE HSS TWIST DRILL

EXTREMELY FAST CUTTING. EXTREME BIT LIFE.

- Imperial range includes x 7 sizes.
- Full range available in bulk packs.

Bordo Delta Point drills are suitable for use in:

Ferrous Metals - mild steel, carbon steel, stainless steel, cast and wrought iron.

Non-Ferrous Metals - aluminium, copper, brass & alloys.

Timber and Plastics

Benefits:

Delta Point drill bits drill **twice as fast** as conventional split point drills and drill up to **10 times more holes per bit**. Their unique point geometry simplifies point location when drilling on curved or uneven surfaces.

Usage:

Use correct speed for diameter and material type and use firm pressure. Deep holes drilling requires reduced speeds and feed rates. Deep holes may also require the use of peck drilling or other specialised deep hole cycles.

Vision:

The Bordo Quality Commitment exists throughout all levels of our company – products, service, vision. We source our products from the world's finest manufacturers, maintaining our 'quality without compromise' ethos. Our commitment results in the most reliable and competitive package available – when you use our tools you can be assured you are getting the very best the world has to offer.

Bordo Annular Cutters

HSS ANNULAR CUTTERS

Annular Cutters achieve burr-free finished holes without the need for pre-drilling or step drilling. faster and more accurate than using standard HSS twist drills.

Bordo Annular Cutters are CNC ground and feature multi-cut geometry for smooth and fast cutting. The precision ground flutes run the entire length of the cutter providing efficient chip removal.

FEATURES

- Increased cutting speed
- Reduced tooth load
- Minimized tool wear
- Extended tool life
- Close tolerance drilling without runout
- Reamed quality, burr free finished holes
- resharpenable.

Bordo Annular Cutters feature a 3/4" universal shank that suits most standard machines

Evap Cooling Towel

The Chill-Its 6602® Evaporative Cooling Towel uses a super evaporative PVA material to absorb water to then allow it to evaporate slowly for instant, long-lasting cooling relief. This super-evaporative PVA material is designed to create a feeling colder than ambient air temperature and absorb and hold more water than other cooling towels on the market for a longer-lasting cooling. This neck cooling wrap can be used for hours or for quick relief and is completely reusable, just re-wet to activate.

The Champion Assortment range is the most comprehensive range of its type assembled in New Zealand. The range has been designed with specific requirements of the professional automotive and engineering workshop in mind. The result is that you get what you need in the right quantity, and most importantly, at the right price.

The packages are tough, convenient, replenishable and reusable. Each assortment product type is labelled with the Replacement Pack part number for ease of replenishment.
