AIR COMPRESSORS

2.5HP, 9CFM DIRECT DRIVE COMPRESSOR - 50L

AC10i

- Very portable, lightweight single-phase compressor
- 2.5HP motor and 50L tank for continuous pressure
- Direct drive compressor - the largest in the Air Command range.
- Suitable for running nailing and stapling tools
- Best displacement: 9cfm, 254L/min.
- Air delivery (@90 psi) 5.8cfm, 165L/min.
- Max. pressure 125psi
- 12 month warranty.

EZIARC 165 INVERTER MMA (STICK) WELDER

A very versatile and easy to use 230V machine with the latest IGBT technology, hot start and anti-stick technology. At only 2.6kg this machine packs a punch is built tough for onsite work and engineering applications.

- Smooth and stable welding output
- Damage resistant industrial casing with front panel protection
- Lightweight and compact design - ideal for portable applications.
- Lift TIG welding operation for precision in aesthetically important welding jobs (with TIG torch optional)
- High quality, overspecified components for durability and reliability
- Designed to work with generator power supply with protection from power surges
- Duty cycle 114A@60%
- Comes complete with 25mm/sq earth & ARC set
- 24 month warranty with online registration.

EZIARC 205 INVERTER MMA (STICK) WELDER

A very versatile and easy to use 230V machine with the latest IGBT technology, hot start and anti-stick technology. At only 2.8kg this machine packs a punch is built tough for onsite work and engineering applications.

- Smooth and stable welding output
- Damage resistant industrial casing with front panel protection
- Lightweight and compact design - ideal for portable applications.
- Lift TIG welding operation for precision in aesthetically important welding jobs (torch optional)
- High quality, overspecified components for durability and reliability
- Designed to work with generator power supply with protection from power surges
- Duty cycle 145A @60%
- Comes complete with 25mm/sq earth & ARC set
- 24 month warranty with online registration.

EZIMIG 205

INVERTER MMA (STICK) WELDER

Reliable IGBT inverter technology provides smooth and stable welding output. MIG, DC TIG and MMA welder with heavy duty integrated trolley design allow users convenience and flexibility, making it ideal for the industrial user. This single phase machine is built tough to last.

- Single phase, 230V 15A input power
- MIG, MMA, DC TIG capabilities ideal for a wide range of welding tasks
- Heavy duty integrated trolley design with gas cylinder tray and on-board storage compartment
- 4 roll geared wire feeder for smooth and reliable wire feeding
- Synergic MIG programs with parameter save/ recall function
- MIG duty cycle - 200A@25%, 145A@60%
- Comes complete with Binzel Style 250 MIG Torch, Earth & ARC set, Gas Regulator with CO2 Adaptor, and Gas Hose
- 36 month warranty with online registration.

ADVANCEMIG 315C

INVERTER MULTI-PROCESS 3 PHASE WELDER

This 3-phase, multi-process welding machine offers the latest in IGBT inverter technology in a compact package making it ideal for a wide range of jobs. Built tough with intelligent protection system to withstand the harshest of environments in the NZ workplace.

- Lightweight, comfort design
- 4-roller drive system
- Industrial IP23 rated
- Adjustable wave form (inductance) for great control and smooth welding results
- Adjustable pre-flow, post-flow, burn-back, and soft start
- Highly versatile machine with lift ARC & DC TIG functions
- 70 OCV for MMA welding
- Duty cycle 315A @ 40%
- Complete with Binzel Style 360 MIG Torch, Earth & ARC Set, Gas Regulator, CO2 Adaptor, and Gas Hose.
- 36 month warranty with online registration.

EZIMIG 205C

INVERTER MULTI-PROCESS WELDER

Ultra compact and easy to use, the EZIMIG 205C multi-process welder is a must have for todays industrial professionals. With the latest IGBT inverter technology, extreme stress testing to 440V and insulation class IP23, this machine is built to last.

- Single phase, 230V, 15A input power
- Gas and gasless wire set-up
- Light-weight aluminium chassis
- IP23 Industrial rated protection provides increased durability
- Spool-gun connection
- Adjustable pre-flow, post-flow, burn-back and soft-start
- Adjustable wave form (inductance) for greater arc control and smoother welding
- 2T/4T trigger control
- MIG Spot Welding Mode
- 57 OCV for MMA welding
- Generator friendly (10KVA)
- Comes complete with Binzel Style 250 MIG Torch, Earth & ARC set, Regulator & CO2 Adaptor, Gas Hose with Quick Connect Fittings.
- 24 month warranty with online registration
